## FRONT END, BACK END & FULL STACK WEB DEVELOPMENT SUMMARY

---

- **Front End Experience:** HTML, CSS & JavaScript which I have used in a University project
- **Back End Experience:** Node.js and npm libraries which I have used in a University Project
- **What am I looking for?:** I want a contract or part-time job as a front end, back end or full-stack web developer. I am a dedicated, fast learner who can work alone and collaboratively to a high, punctual standard and I am always seeking a challenge. I am willing to be critiqued if it will make me better at whatever I do.
